

## PRODUCTS IN USE

Four Low Profile Load Cells (LRF Family) paired with FUTEK's IAC200 Summing Junction Box alongside the IHH500 Handheld Display or IPM650 Panel Mount Display.

All FUTEK application illustrations are strictly conceptual. Please contact us with questions.

## APPLICATION SUMMARY

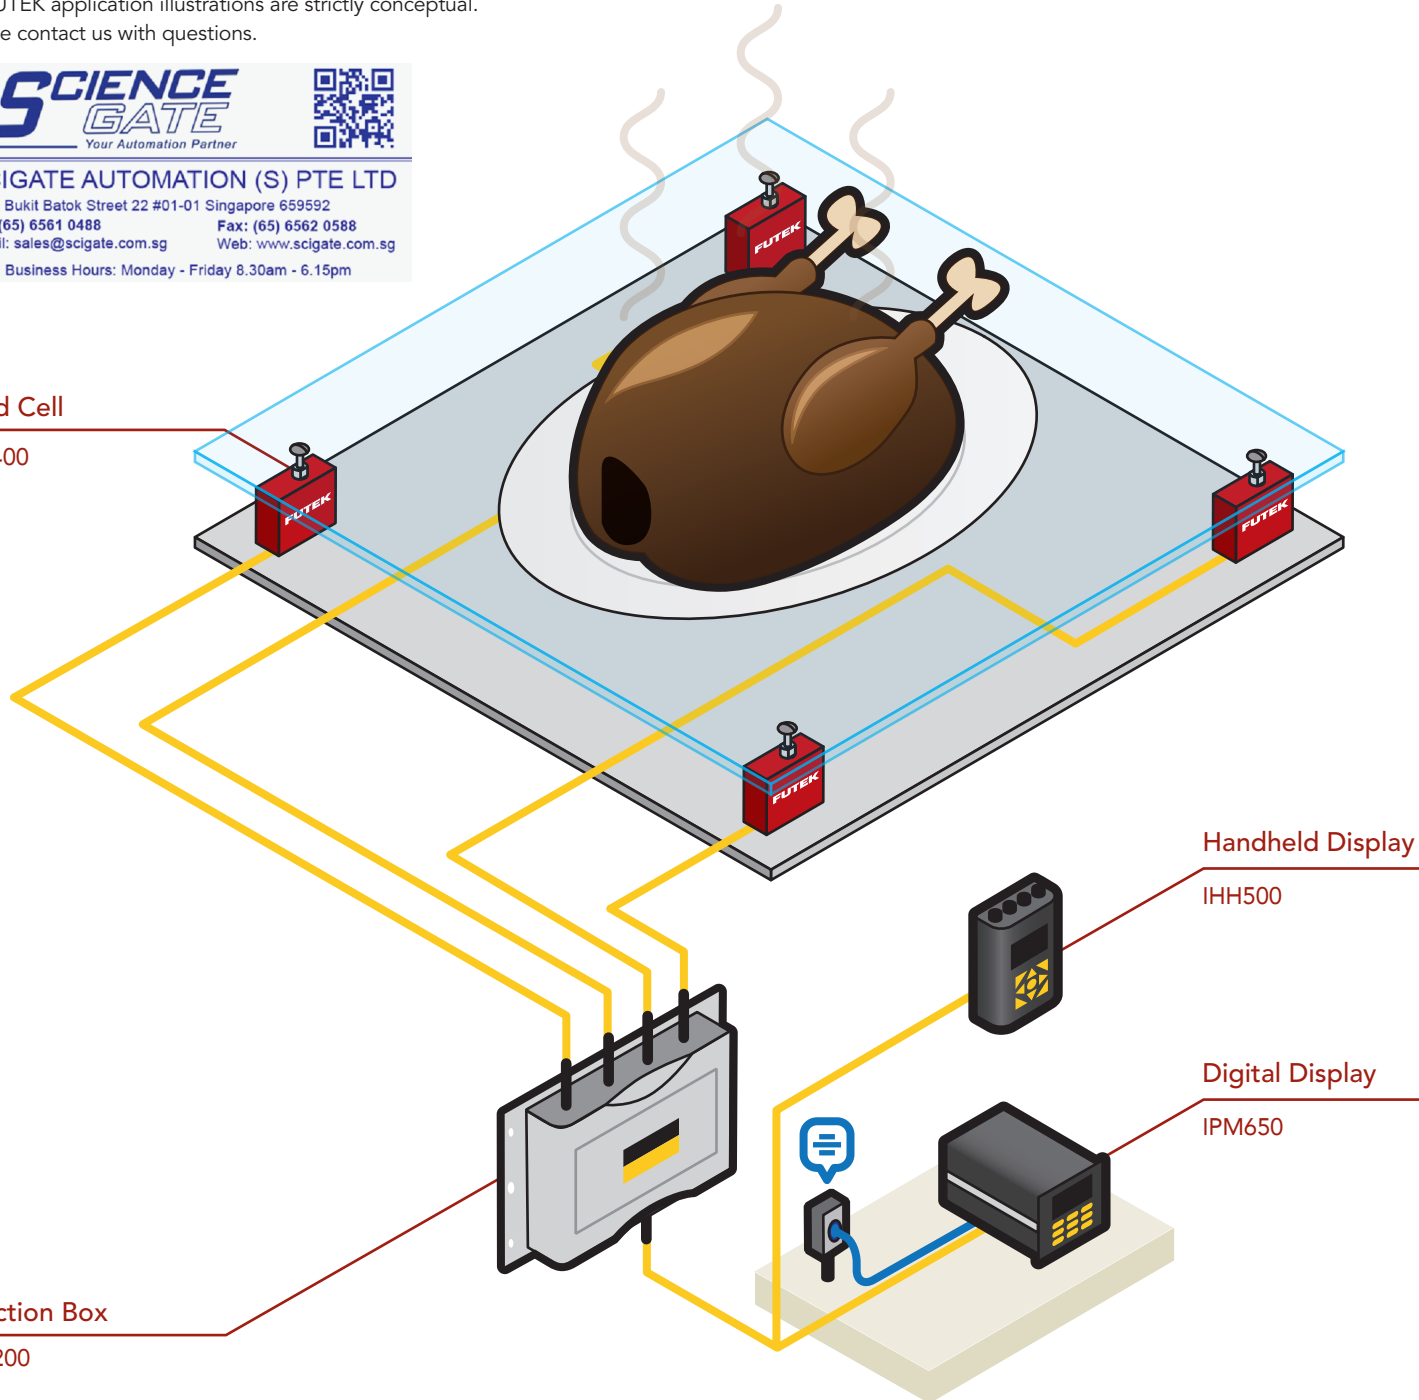

Due to the continuous necessity for high-precision measurements, FUTEK designed an entire miniature load cell series to fit and perform within any number of applications. Precision scales require high-accuracy compressive load measurements.
